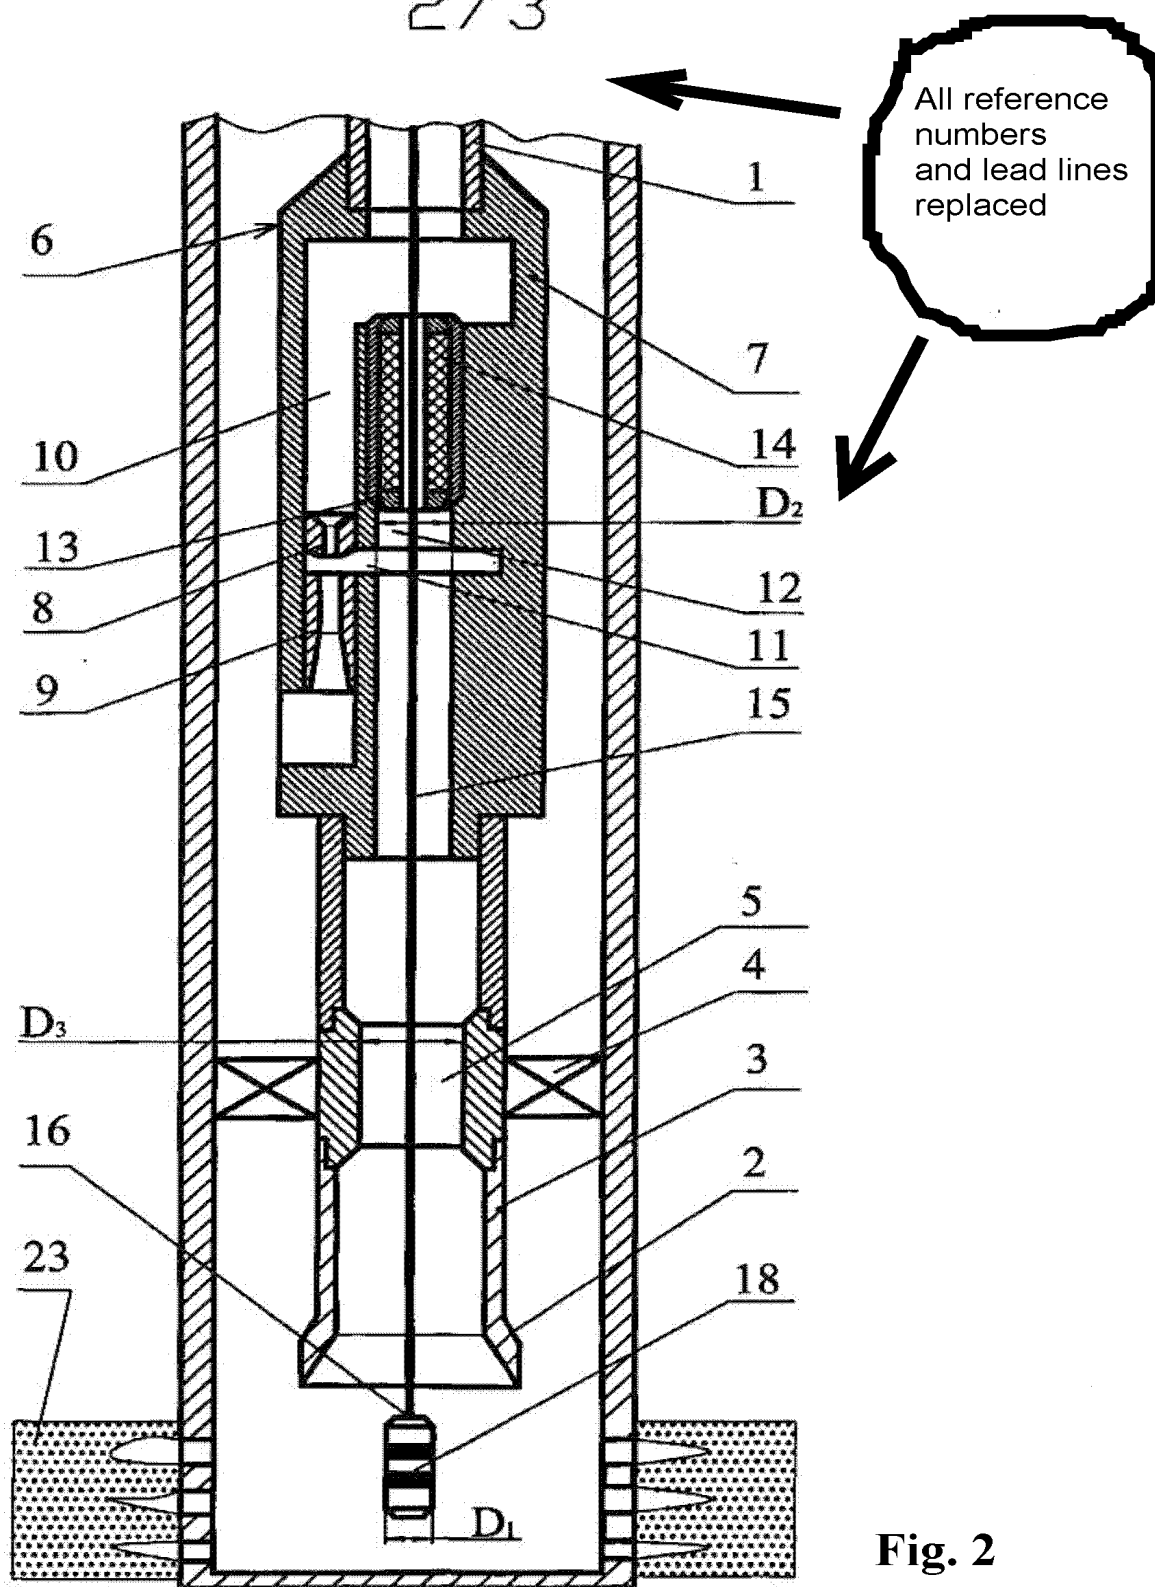

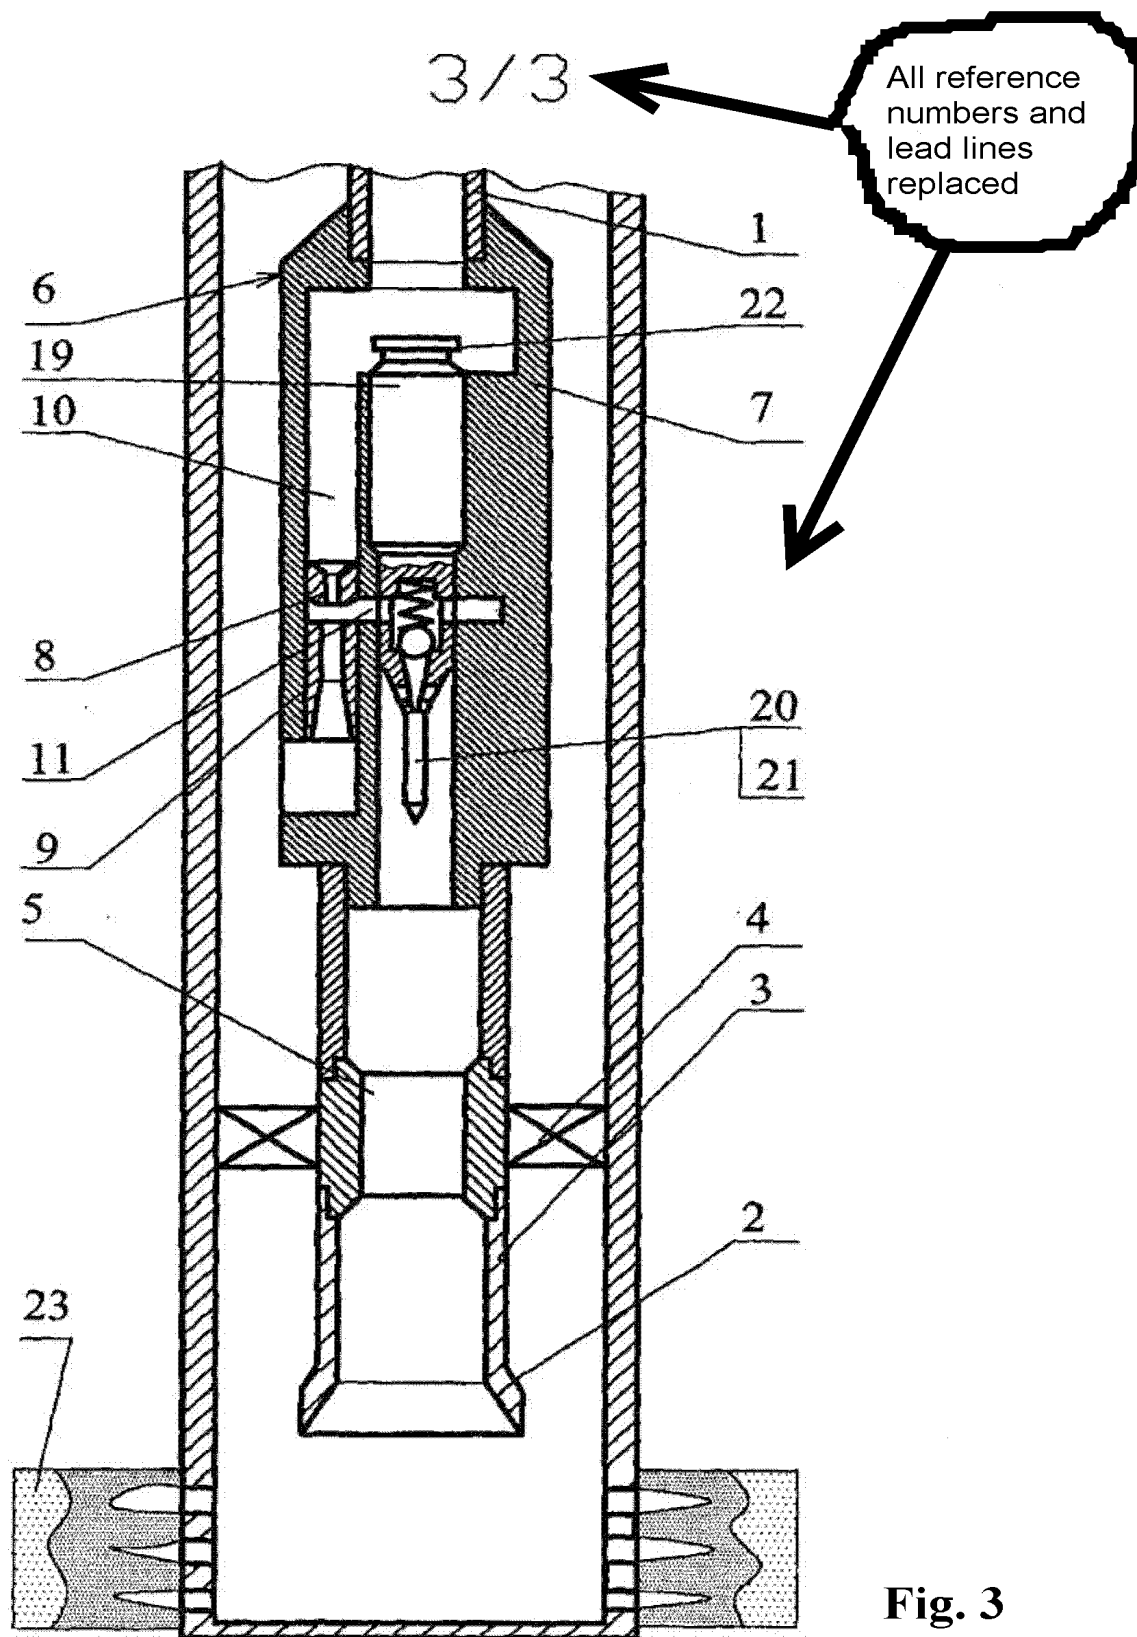

Fig. 2

This technical drawing shows a cross-section of a mechanical assembly. The assembly is contained within a vertical housing. At the top, there is a component labeled 1. Below it, a central shaft or rod passes through several components, including a spring (8) and a valve-like mechanism (9, 10, 11). The shaft terminates in a pointed tip (21). The assembly is supported by a base (2) and includes various internal components labeled 2 through 23. The drawing uses hatching to indicate different materials and cross-sections.
